WHAT OUR COCONUT OIL DOES FOR THE WORLD
Coconut oil is a multi-purpose and moisture-rich ingredient. Our Community Fair Trade Organic Virgin Coconut Oil comes from the tropical island of Samoa, where locals gather, crack and press coconuts using hand tools and no chemicals. We source the oil from an award-winning organisation that helps local women to help support local families in a sustainable way, benefiting themselves and you.

FRAGRANCE NOTES
Our Coconut range transports you to tropical locations and happy times. Its fresh, nutty scent also has notes of vanilla. Sweet!!
